PREFACE

In the past, the Farm Business Management Branch has had many inquiries regarding "Who does custom work in my area?". In response to that need, the Farm Business Management Branch in 1984 again requested custom operators in Alberta to submit their name and services for this year's publication. This is the second year this publication has been printed.

This directory will benefit both the farmer and custom operator. The farmer who wants custom work done will know who some of the custom operators are in his area. The custom operator in turn will benefit by publicizing his services.

This directory provides information on the custom operator's name, town, phone number and type of custom service offered. Further information related to custom rates may be found in the publications Farm Machinery Costs As A Guide To Custom Rates - 1985 Agdex 825-4 and Custom Rates Annual Survey Summary 1984 Agdex 825-9.

We draw your attention to the orange brochure in the center of this publication. Custom operators interested in being included in the 1986 directory should complete and return the attached form in the brochure.

This publication was prepared by Claire Lukey under the supervision of Gerd Andres of the Farm Business Management Branch, Alberta Agriculture. Special thanks to Keith Toogood, Computer Services Branch, Alberta Agriculture for computerizing the printouts and Maureen Whitlock, Statistics Branch for her assistance in updating custom rates information.

THE DEPARTMENT GRATEFULLY ACKNOWLEDGES THE CUSTOM OPERATORS WHO LET THEIR NAMES STAND IN THIS PUBLICATION.

J. Wilson Loree, P.Ag., Head

INTRODUCTION

The 1985 Custom Operators Directory was published to provide Alberta farmers with information on who does custom work in their area and also to publicize the services of custom operators.

Information for this directory was collected through brochures individually distributed and also included in the publications Farm Machinery Costs As A Guide To Custom Rates - Spring 1984 and Custom Rates Annual Survey Summary - 1983. Additional information was collected by telephone follow-up where needed.

The information received from the brochure was classified into eight major custom categories. A miscellaneous category was also included for those custom services that were not numerous enough to be placed under their own category.

For the 1986 Directory, please note the orange brochure in the center of this publication. Custom operators who wish to be included in this Directory (1986) must complete and return the card to the Farm Business Management Branch in Olds before December 31, 1985.

Every effort has been made to ensure that the information in the publication is correct at the time of printing. If errors are present, please inform the branch.

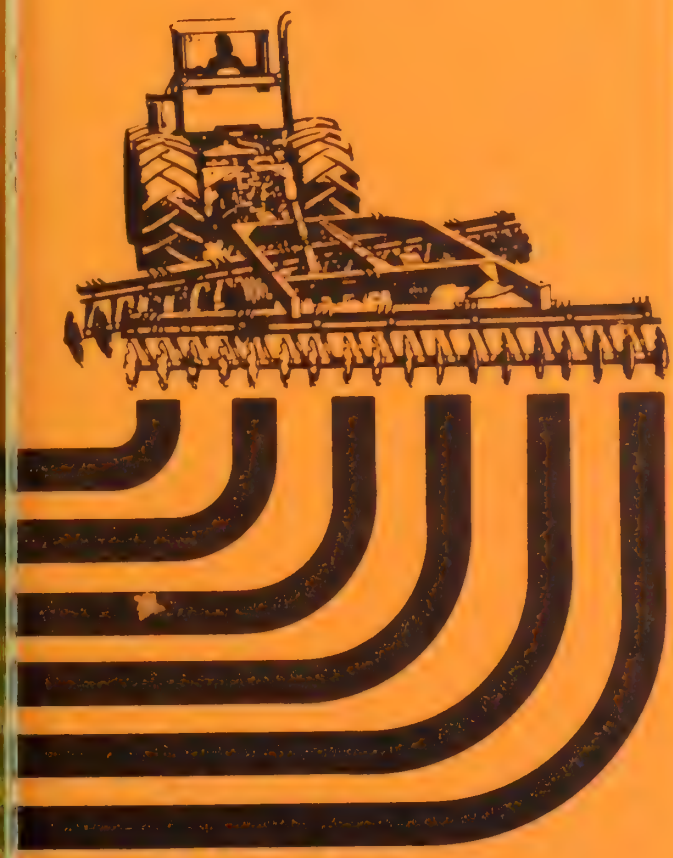
DIRECTORY OF FARM CUSTOM OPERATORS

ARE YOU IN IT?



ALBERTA AGRICULTURE

FARM BUSINESS MANAGEMENT BRANCH
Box 2000
Olds, Alberta
T0M 1P0

1986 DIRECTORY

Alberta Agriculture will be publishing a 1986 **Directory of Custom Operators in Alberta.** The **directory** will benefit both custom operators and farmers. Farmers who want custom work done will know who the custom operator(s) are in their area, and custom operators will have a means to publicize their services. The only information in the directory will be the custom operator's name, town, phone number and type of service offered.

Custom operators interested in being included in the 1986 directory should complete and return the attached form by December 31, 1985. **Operators who were listed in the 1985 directory must also submit the attached form for the 1986 directory.**

PUBLICATIONS

Besides the directory, Alberta Agriculture also publishes the **Custom Rates Annual Survey Summary** and **Farm Machinery Costs As A Guide to Custom Rates.** The **summary** contains actual custom charges surveyed in the previous year. The **guide** provides information about the cost of machinery ownership for the current year. Both may be useful in determining custom charges for the current year. The two publications contain worksheets on how to calculate machinery costs and machinery custom charges.

The above annual publications are available at your local Alberta Agriculture district office, or write to the Farm Business Management Branch, Box 2000, Olds, Alberta, T0M 1P0; or phone 556-4247.
